

**Gonzalez: Republican Budget Divides America Into Two Groups:**

**the "Have More' and the 'Have Less"**

WASHINGTON, DC – Congressman Charles Gonzalez (TX - 20) **released the following statement today regarding the Republican budget:**

"A budget should reflect our shared values, sacrifices and opportunities," said Congressman Gonzalez. "The Republican budget may be a reflection of their values and priorities, but it clearly puts a privileged few above American seniors, children and working families. This Republican budget is a road map that divides America into two groups: the 'have more' and the 'have less.' We need to pave a path towards a thriving and more prosperous America, a path that will cut the deficit in a responsible way while creating jobs, strengthening America's middle class, and protecting our citizens."
